

The easiest way to find the course is to search by Instructor and select all courses (see snip below)

Once you have selected All Courses you should get the course information (see snip below) *[below is 2024; needs to be updated]*

If you choose not to register and would like to have access to the Canvas materials please let Kay Leger (kleger@tulane.edu) know and she can add you in Canvas. Please note that if she adds you in Canvas the course will not show on your transcript. If you do not want/need access to Canvas and do not need it on your transcript then you may attend the session(s) you choose. The course schedule will be posted on our website (<https://research.tulane.edu/responsible-conduct-research-seminar-series>).
